

VISION WORLD

IFCA International Church Planting

Vision World

IFCA International Church Planting

IFCA International

The heartbeat of IFCA International has always been in tune with the priority of the local church in God's plan today. Therefore, it is most natural that our vision for the future focuses on extending the reach of the church. On the home front our goal is to have 100 churches involved in planting a new church; that is VISION AMERICA. On the international front the goal is to thrust out 100 new church planting missionaries; that is VISION WORLD.

VISION WORLD

As part of IFCA's 2020 Strategic Plan. VISION WORLD seeks to identify 100 new international workers from our churches by 2011. The first step in that direction is to have 100 IFCA churches commit to having the vision of being VISION WORLD churches and begin praying. The next step is to identify 100 new international vocational missionaries. There is no more basic and simple vision for a church than this.

Becoming a VISION WORLD Church

If your church desires to become a VISION WORLD church, it must commit to the following:

- The Pastor will regularly preach on the role and importance of the local church to identify and train missionaries at home and abroad; particularly in the ministry of church planting.
- The church will pray intentionally and fervently (at least once a week) that God would raise up, from their congregation, a missionary church planter headed for a foreign field.
- The church will seek to identify, by June 2011, one person who commits to, if the Lord wills, become a church planting missionary overseas at some time in the future. This person may be a teenager who still needs to prepare at a Bible College or Seminary. He/she could be a 34 year old "tentmaker," a retired person or a vocational missionary. It is not necessarily the goal of VISION WORLD for that person to make it to the mission field by 2011... just to identify him or her.
- The church will proactively coach, encourage and assist this potential missionary to get to the mission field.

As a VISION WORLD church, the pastor will communicate on two special occasions with IFCA International.

- First, when it enrolls as a VISION WORLD church.
- Second, when it has identified an individual from the congregation who is headed for a ministry of international church planting.
